

Regarding liquidation and distribution of your shares from OverHorizon (Cyprus) PLC

Dear OverHorizon (Cyprus) PLC shareholders,

In order to prepare the distribution of your Ovzon AB shares, the liquidation process of OverHorizon PLC has now begun and a Cypriot liquidator was appointed following the Extraordinary General Meeting on 9 July.

However, before the distribution of shares can take place, a couple of raised claims must first be handled by the liquidator. There are currently two so-called "claims" on OverHorizon that the liquidator now is reviewing.

As soon as these have been resolved, the distribution of remaining cash and shares is to be made. You can help us already now by replying to this email with a deposit number with bank / fund commissioner who can receive Swedish securities.

Please find the original letter from the liquidator attached.
