

Ovzon is revolutionizing mobile broadband via satellite with the highest bandwidth through the smallest terminals. Our end-to-end solutions meet the growing demand of global connectivity for customers with high performance requirements including Government, Media, Maritime, Aviation and NGOs.

The company was founded in 2006 and has offices in Stockholm in Sweden and Bethesda, MD and Tampa, FL in the United States. Ovzon is publicly listed on Nasdaq First North Growth Market.

Ovzon expands and is hiring to our headquarters in Solna, a

Chief Operating Officer

Product Supply and Development

Our new COO will play a key role in our expansion. You will be responsible for the operational activities in R & D, manufacturing, sourcing and quality management. You will lead our internal operations, making everyone aware of and motivated to contribute towards the company's goals. The organization consists of about 20 innovative and committed employees, and you report directly to our CEO. This role is a great opportunity to influence and make a difference in our continued expansion and our exciting and challenging journey.

Who are you?

You probably have a MSc degree in engineering or equivalent with previous experience of industrialization of high-tech in an international environment. Experience from the communications industry is valuable. You are passionate about technology as well as passionate about developing people, processes and routines to help the organization achieve its goals. As a person you are confident and stable with excellent leadership skills. You are business oriented and entrepreneurial with the ability to inspire others. To become successful in this role you need to be a good communicator with a positive attitude and enjoy working with a broad perspective, both high and low.

For further information please contact Magnus René, CEO, +1 781 266 6957 or our recruitment consultant Peter Ternebring, Confidera Urval, +46 70 639 88 89. You can also find more information about the company on our website www.ovzon.com
