

Ovzon Plus

Ovzon Plus is our essential service which offers flexible throughput rates as well as per GB data package

The service offers a global reach availability using Ovzon global network of satellites.

Target Markets

Government and Defense, NGO, Humanitarian, Broadcast, Disaster Relief, Emergency services.

Performance

High data rates up to 4/4 Mbps. Can be increased to 10/10 Mbps by upgrading to Ovzon's Go service.

Ease of use

Can be deployed under 90 seconds by any operator.

Service and Support

Ovzon's service and support team is available 24/7.

Global Reach

Our services are operated on satellites covering the US and LATAM, Asia, Europe, and Africa. Gateways with secure backbone connectivity are located in Europe and Africa. The services are monitored and controlled through our 24/7 NOC in Tampa.

Disclaimer

Service subject to availability.
