

Press Release

03 January 2024 08:00:00 CET

## Launch of Ovzon 3 targeted for tonight

Ovzon's revolutionary geostationary communications satellite Ovzon 3 is targeted for launch tonight from Cape Canaveral Space Force Station in Florida. The 10-minute window opens at 6.04 p.m. ET (00:04 Swedish time). If needed, a back-up day is available on January 4 with a launch window opening at at 4:47 p.m. ET (22:47 Swedish time). As always, delays can occur.

The launch broadcast will begin at approximately 5 p.m ET today January 3, and will be available on Ovzon's website. The launch will also be available on [www.spacex.com](http://www.spacex.com). In addition, Ovzon is organizing a digital pre-launch event including interviews starting at 10 a.m. ET. Both broadcasts will be available here: <https://www.ovzon.com/en/section/ovzon-3/>
