Ovzon receives new order from Swedish Space Corporation (SSC)

Ovzon has received a new order for Ovzon's SATCOM-as-a-Service from Swedish Space Corporation (SSC) for delivery during 2024. The total order value amounts to 6 MSEK.

Ovzon's SATCOM-as-a-Service is recognized for its exceptional ability to support any critical mission by integrating highest degree of mobility, performance, and resiliency.

This recent order emphasizes Ovzon and SSC's joint commitment to serving primarily Swedish government organizations and agencies, with SSC remaining crucial in the effective deployment of this service.

"We are very pleased to receive this new order from our partner SSC, which is in line with our continuous successful collaboration. With our Ovzon 3 satellite, operational in mid-2024, and its unique performance, mobility and resiliency capabilities, we remain committed to providing the Swedish market with unique mobile satellite communications solutions, powered by Swedish integrated solutions, technology and innovation", says Ovzon's CEO, Per Norén.

About Ovzon

Ovzon offers world-leading integrated mobile satellite communications services, SATCOM-as-a-Service, to customers globally. The services combine high throughput satellite networks, mobile satellite terminals, gateway services, and dedicated customer support. Ovzon's offerings meet the growing demand for mission critical connectivity for customers with high performance, mobility and resiliency requirements such as Defense, National security and Public safety. In January 2024, Ovzon's proprietary developed geostationary satellite Ovzon 3 was successfully launched from Cape Canaveral, FL. Founded in 2006, Ovzon has offices in Stockholm, Sweden as well as Herndon, VA and Tampa, FL in the USA. Ovzon is listed on Nasdaq Stockholm Small Cap. For more information, visit www.ovzon.com.
